door, early as the hour was, she saw her father again. "I am sorry," he said, "to wake you, but I am dressed below her breath; "the lace lies buried in the sleep. I left all that behind me with the secrets it holds. Bab, I am no longer the demure convent maid, but an independent soul, the sullen shadow of a young lady. Mrs. Mack, the housekeeper, took the girl in her arms and cried over her, "Are you going to stay with us?"

"Yes, I am poor little Miss Bab will be the white tulip; her mind, she shall look like an angel and outshine that wily French beauty, if I have to wear my finger ends off to accomplish it."

Even Mrs. Mack was a trifled flustered to hear from Patty that Miss Bab had a new, bold, new-fangled party dress with the pink roses woven in to like handsome stranger.

She would have remained with her mother, but her feet drew against such a prospect; had it not been too late to interfere? but, like the French, she cosseted herself with the thought that anything could be lovely, dear, tender-hearted, impulsive Bab, whose very gravity failed being understood than doored.

"I would rather see it torn into shreds than on that French girl's back," she thought. "How important the way she walks! the way she carries her white blouse!"

I did not hear her say to Miss Bab: "What all these were you interested in?"

She had all these when she had known that this was the one Miss Bab was to wear at her coming-out party. She did not cry, but she did not smile either.

"And now, poor little Miss Bab will be the white tulip; her mind, she shall look like a black sheep jumping over a fence, Bab,"

"We have decided; "I always feel like helping them out."

The best musical professors had been engaged for her, but it was quite useless; the merry little maiden had no taste for music, nor did she have a veritable nightingale in her dear little heart.

"They all love him, Bab,"

"But I have tried to instruct her in music, and I have succeeded,

THIS WEEK'S MISSION.

The Times is pleased to learn that, hitherto speaking, the week's mission conducted in the Anglican churches of the city have been highly successful. The meetings have been well attended, deep interest has been taken in them, and the missionaries have been zealous and earnest in the work. The American Methodist has issued a circular for adopting similar methods for the spread of the gospel, and it is just possible that these missions do not come under the head of revivals, rather the object being to keep the Christian life as well as to reclaim the lost or the negligent. There is no denying the fact, however, that since the Methodist Church has been here it has exerted an influence among the men of the communists, and perhaps more especially since the St. Andrew Brotherhood assumed the importance it now has in the life of the Church of England in Canada, that church has been instrumental in making the life and work of the church more evangelistic and more enthusiastic in the work of missions among its own people as well as among the heathen. This is a good sign. Anything that will give men and women a deeper interest in religious matters, a greater desire to live honest Christian lives, and a larger interest in the welfare of others is to be welcomed above the gross material things, will be a blessing to humanity at large. The appeals made to the congregations have been to their better natures; the dominating note seemed to be that of love, combined with the need and efficacy of prayer, bringing assurance of being in accord with the Divine Will. Considerable attention has been given to the cause of missions which was markedly absent. Sometimes the Times thinks that over much attention is given to the sinner to flee from the wrath to come. Ministers are prone to preach to their congregations as if all were lost and gone. Sunday school teachers make passes with God, who, as a matter of fact, many may have done so long ago. All "application" is always in order, and as appeal to the soul should never be neglected. But the injunction to "feed My lambs" should also be recognized.

in a poaching case by a rural bench in West Africa, a case of deportation in East Africa, the position of the Mohammedan community in the new Presidency of Bengal, the efficiency or inefficiency of the riffs that is served out to the army or territorial force, the war against the type of drought, and some of the international relations between Great Britain and Germany. Now I ask the question: Has any deliberate assembly in the history of the world ever taken upon itself such a grotesquely impossible task? What is the result of that? That is the question, in the Fortnightly Review. While the coster's art, as it were, blocks the way, great national and imperial interests are often pressed through with a haste in inverse proportion to their gravity, or dropped altogether. More than half the measures introduced in recent years have been passed, not out of any sense of duty, they were proposed, but out of mere lack of time; while many of those that go through, go through without proper consideration. It has been truly observed that "no deliberate assembly can turn out 315 acts of Parliament in 27 days unless it can be disbanded from discussing them." Meanwhile the expenditure of money of the nation in the family after taking possession. The prices of the proposed bills will range from \$2,000 and upwards. The Imperial Bank is to act as trustee for receiving initial payments, turning over the funds to the building committee upon the completion of the houses. For a lower class of houses, some such plan of purchase and payment might be tried in Hamilton.

OTHER PAPERS' VIEWS

(Special to the Times):
Beaumont, Nov. 22.—H. M. Evans, of Toronto, formerly editor of the Beaumont Express, is in town this week.

Lincoln County Liberals will hold their annual meeting in Banner Hall, St. Catharines, Saturday, Dec. 7th, at 2 p.m.

Mrs. W. Furtach and Mrs. E. J. Amies were in Guelph during the week on a visit with their sister, Mrs. Dawson.

Great squirrel skins are fairly plentiful.

For the last number of bags having been made by local men in the northeast end of the township. And, by the way, the squirrel skins are not to be had right in Beaumont, if one might judge by drunken Indians and a few wild men boys, two, decimating

heads by the indomitable Jacob Lang, several fancies will send their to the Bradford poultry show on Monday.

Mrs. George Leigh, of New York, has been the guest of Mrs. George Robert.

High School Inspector Wetherell's report on the proposed site for a new High School is not a favorable one. He states that the requirements are at least four acres.

The annual convention of the Niagara District Farmers' League opened its sessions in the Methuen Hotel on Friday morning with some fifty delegates in attendance. The annual report was read by Mr. W. H. McNaughton, treasurer, showing a surplus of \$22,238.

Officers elected for the ensuing year: Rev. J. P. Patterson, St. Catharines, president; Mr. G. H. McNaughton, third vice-president; Amos Hughes, Niagara-on-the-Lake, fourth vice-president; J. H. Morris, St. Catharines, secretary; Miss E. Upper, Thorold, treasurer. The club was filled on Friday night with Rev. J. P. Patterson addressing the sinner on "The Conservation of National Ideals." Adjournment was made until next year.

High William Ginn and Mr. Gibson are going down to Ottawa the coming weekend.

Mr. John O'Neill, a former well-known pastor of the Baptist Church here, is dead, the funeral taking place on Tuesday evening.

At a special meeting of the Council on Wednesday night a discussion took place on the mineral voltage given by the Canadian Electric Light and Power Company. Some citizens declare that would get more light from a candle than that given by two 25-watt tungstens. It is to be hoped that the house and store voltage measured up.

What Shall We Wear in Our Hair?

Aigrette Above & Velvet Band

THE crowning touch on the evening costume is the coiffure with its appropriate ornament, and this year that decoration is feathers. Truly the power of fine feathers in the making of fine birds is indisputable. The simple coiffures have allowed an elaborate decoration, and today the gorgeous plumage of many colors and graceful lines stands at the top of the list of favorites.

Frequently a band of jewels, a fillet of gold or silver, will be combined with feathers; but the aigrette, osprey or fan-

taisie alone is quite able to carry mildly successfully through the evening. The arbiters of style have made the ornamentation of the hair a very important part in the scheme of the evening costume. Over in Paris the hair ornament is included in the design, and it is the clever American woman who makes it a contributory factor to her beauty.

The paradise plumage is a decided favorite. It can be in its natural yellow and white colors, or can be dyed to echo a note in the costume. It is held under coils

can be duplicated in any color with great success.

The soft ostrich plume with tinted fronds is another idea that spells beauty for its owner. This is poised at the back; its end drooping forward. Two little plumes hang down at the right side with all the charm of curls.

The aigrette of soft white fronds is worn at the side of the flat coiffure, and is very effective if combined with a jeweled barrette across the back of the head. This is now procurable in colors and black. Make it give a contrasting touch to the hair, at the same time carrying out the beauty of the evening robe.

With becomingly arranged hair, simplicity of plumes and ospreys in their feathery glory lend a distinction to the wearer. They have conquered Paris, the center of fashion, and bid for your favor here. The woman who makes the beauty of her evening costume an assured fact will add the fine feathers as a final touch.

of hair, and is particularly effective when placed at the back as shown.

Marabou is poised in its snowy beauty above a jeweled band that has a loop of rhinestones and a spray of wires with crimson ends. The white idea of this ornament makes it possible to wear it with any color.

Above a velvet band of color that repeats the decorative note in the girdle is worn an upstanding bunch of aigrettes. This is very high, and yet compels attention by its beauty. Black aigrettes with a jet band are worn by matrons, and are a nicely contrasting feature in very light hair.

The osprey in a special ornament for the hair is shown. A disk of fronds is the standard from which the graceful feathers rise and drop. This is placed on the side and slants toward the back. Pins underneath insure a firm attachment.

The court idea is here in a lovely satin bandeau that is edged with brilliant bands. At the front are three tips standing straight up and nodding their approach to you. This is good in white, and

Variety the Irritant of Life

"Monotony," Jack was saying to his group of friends. "I think you all get tired of reading the same paper every day."

"I can't find anything in this paper," he said, "but the news of where things are. Give me some coffee anyway."

"You know," he said, "Great heavens! I don't have anything to eat! What kind of meal do you have?"

"I must be going," interrupted Jack abruptly. "Where's my hat?"

"Put it on the ladder, and I'll bring down some more," his wife said, instead of your derby."

"You certainly are off your head," said Jack.

"I had breakfast late, so you wouldn't have to take the same car and see the same people," went on Jack, pecked at it rather daintily.

"Finally pushed his plate away.

"Great Scott!" he said, as the man stopped his first course. "aren't we going to have any coffee?"

"The milk makes things a little different these days."

"You bet it will," said Jack glibly. "When you are going to pull off this trick on me again, let me know, won't you?"

"But I was afraid you might be getting terribly tired of reading every day," his wife said, all the time. You said people missed a lot by having set habits, and that variety was the spice of life."

"Some spices are irritants," said Jack, as he went out and slammed the door.

There is no doubt that the quiet, simple, cheerful, bright and abundant harvesting in that day when He shall come to gather in the grain, the quiet thoughts of everyday life it seems hard for us all to realize, placed a quiet hold with the Master. So, to those who have arranged for these services, a great debt of gratitude is due.

The Indian language is full of very expressive meanings as translated. It seems such a pity that we are losing eight of them, when exchanging the old language, the more modern and less lovely ones. One of their original treatments is found in the origin of the name water. When the Hudson's Bay Trading Company was founded among the Indians it was found that by selling the Indians liquor they could more easily be induced to trade their pelts.

Alerts Lose Vote At Annual Meeting

**Secretary Livingstone Puts Another One Over
"In the Interests of Sport."**

Secretary Livingstone, of the Ontario Rugby Football Union, is a great little fixer.

Fixing is the best little thing to do. Now he is trying to see that he will not lose his job with the O. R. F. U. at the next annual meeting.

At the meeting of the executive last night he was responsible for a motion being carried to the effect that the Alerts be suspended at the close of the C. R. U. season, and notice of motion was given that the Alerts be dismissed from the C. R. U. entirely.

Very clever on Mr. Livingstone's part.

By having the Alerts suspended at the end of the season he secured, as this week, to keep the Alerts from sending a representative to the annual meeting, and in so doing remove the possibility of a motion for the resignation of the secretary.

The sole object of the suspension of the Alerts is to rob them of their vote at the annual meeting.

The Globe reports last night's meeting as follows:

"At a meeting of the 'O. R. F. U. Executive Committee,' composed of President A. E. Dennis, Second Vice-President Ed. McRae, and Secretary E. J. Livingstone, held at the King Edward Hotel last night, the Hamilton Alerts were suspended from the union, the suspension to take effect at the close of the Canadian Rugby Football Union season. More than that, a motion was introduced to expel the Alerts from the annual meeting of the O. R. F. U. There may have been difficulty in connection with the expulsion of the Alerts when the day of the annual meeting arrives. Not all of the clubs of the Ontario Union are in favor of such action, and it is possible that the O. R. F. U. will be in a position to veto the suspension of the Alerts in various respects had they been detrimental to the welfare of the union."

No representatives of the Alerts were present at the meeting. The resignation of Father Carr was accepted. The Executive Committee appointed Lloyd Sifton and Jimmy Bell to handle the Toronto-Alerts game at Varsity Stadium to-day.

In the event of the Toronto winning to-day—and they certainly should—a card will be posted for the final game to be played either here at Varsity field or at the Cricket field at Hamilton. The game will be played on Wednesday next.

"After last night's meeting Secretary Livingstone issued a statement in which he denied the charge of attempting to keep the Alerts from the annual meeting with himself and other members of the executive. He does not believe, he says, that Bob Cory, of the Toronto, sent a telegram to Dr. Carr, the Alerts. Lack of space prevents the publication of Mr. Livingstone's long defense statement which he intends as a vindication of all that he has said and done."

Paper Chase At Highfield

The puppies had a run yesterday. Some twenty little dogs, many of them trained to pull, ran for the first time, set off after the horses, E. and O. Redzinick. The course was only two miles or so, and the race was thoroughly run. In the finish, however, Harry S. Wilkinson, H. Boyd, Bradford, C. Dryman, D. Barnes, C. Beckett, F. Wilkin-

son, S. Boyd, D. Peene, Leibert, R. Barnes, Gillard, Phin, Lynch-Staunton, H. Robertson, K. Barnes, Finch, Mather, Larier, H. Collinson.

ANOTHER MACDONALD SUIT.

Vancouver, Nov. 22.—C.R.U. action has been ended, charging Magistrate Mr. MacKenzie, Marshal Jackson, Thomas Steelman and one Garvin with malicious conspiracy and malicious attack. The trial will be adjourned until after the recent Macdonald election. Damages are placed at \$10,000.

With an unbroken batting average of .343 he closed his career with a record of 16 consecutive years in a major league. Only eight players besides Wagner have batted .300 or better for 16 years in succession in the past 16 years.

Anson batted .300 for 15 years.

Dan Brouthers, 14; Willie Keeler, 12; Ed. Huggins, Harry Hooper, Fred Burkett and Nap Lajoie 10 each.

Of the present day stars Lajoie has the best chance to equal Anson's record. Wagner has the best chance to change it much, a figure he has fallen below but twice in his big career, and he has the best chance to do it again.

Wagner, having accidents, will be unable to bat .300 again, but it is to be expected that he will again bat .300 and establish a record of 17 consecutive years in the .300 class.

Before Hans Wagner established his record of 16 consecutive years in the game's great batters, Anson's record was 15 straight years in the Atlantic league.

Here's Hoping the Best Team Wins

Tigers and Alerts Will Battle For City Honors Under Ideal Rugby Conditions.

With ideal Rugby weather, a fast field and a howling crowd of three or four thousand spectators to cheer them on, one of the greatest gridiron battles in history should be witnessed at the Cricket grounds this afternoon, when the Tigers and Alerts come together for the city championship.

The battle is to be fought in Hamilton for several seasons has created half the interest that is being taken in this city championship game, and the largest crowd that has witnessed a football game in Hamilton this season will be on hand.

The follows of both teams are supreme

ly confident of the result, and a hole of cash has been wagered by both sides.

The home rulers were awarded with

sporting men last night, and many bet

were registered.

The "Tigers" last night had the

best favorites at 7 to 5, but

it is to be hoped that before the game

starts the weight of black and

white money will force the odds up to

10 to 7, as the Alerts are to be favored.

Wallace Barron and Billy Young look to have the edge on their east opponents,

but the home team has a hole in its

shot.

The east ends' only weakness

appears to be at the ends of the line,

and Manager Marrott has a plan

to meet that.

Marrott says the Alerts will

show great improvement this after-

noon.

Marrott is relying mainly on the

line, and the Alerts are to be favored

in the garnet and grey, but if the east

ends show any superiority to the

Tigers in this department, the Alerts

will be forced to give up their

superiority in that department.

The Alerts have only met one

good team this season, and that was

the team that Marrott is trying to

improve.

Alerts barely managed to scrape out a

victory in the first game, but we

are sure that they will do a nice job.

From here the Tiger backfield

looks quite strong, and the Alerts

and the line has a big margin of safety.

Glasgow, Thompson and Gately

are strong, and the backs are

Fleming, Fisher and Smith.

The Alerts' superiority in this department should be enough to win for them.

The Alerts' line has been strong

when the come on.

However, it is going to be a tight struggle, and may the better team win.

Argonauts will be full strength for the Varsity engagement. They will play the same team that started against Ottawans.

The nasty crack which the Hamilton Spectator took at Percy Scott and the Parkdale Club can't be removed, but they were given \$2000 from the spectators.

The chances are now that there will not be \$250 in the gate—for surrendering the game.

It is to be hoped that a senior O. R. F. U. winner, was entirely unjustified. The suggestion that the Argonauts had a hole in their money emanated from President Dennis, who figured that it was only fair that the Parkdale club should get some compensation.

SOCIETY

Mrs. Alexander Zimmerman, Robins street, was hostess of a bright noon meeting yesterday afternoon in honor of Mrs. Hendrie Leggett and Mrs. C. A. Ross.

Mrs. Zimmerman wore a gown of brown velveteen over pink. Mrs. Ross was wearing a handsome gown of white with orange satin. It was indeed a pleasure to meet Mrs. Leggett, who is always such a welcome visitor in this city. She was attired in peacock blue.

Mrs. Zimmerman was also assisted by her daughter, Mrs. Walker.

In the tea room the artistically arranged table was covered with a lace cloth, and the flowers were in vases of blue chrysanthemums.

Mrs. H. Champ and Mrs. Hendrie Leggett presided in the tea room, while Mrs. Mrs. Ernest Lazier, Mrs. R. B. Harris, Mrs. Arthur Ross, Mr. J. T. Gifford and Miss Kerr.

Some of the guests were Mrs. Beckius, Mrs. W. E. Wood, Mr. G. S. and Mrs. Harvey, Mrs. Garrison, Mrs. Calter, Mrs. Southam, Mr. Gordon, Southam, Mrs. Alan Mrs. Peacock, Miss M. L. Miss Young.

TEA AT CARRICK LOUGE.

Mrs. Barnes' tea at Carrick Louge on Thursday was a delightful affair. A large number of friends enjoyed the beauty of the day and admiring the beauty of the place and its lovely decorations.

Mrs. Barnes were black velvet, rose and white with a picture of jet, and black picture hat. The tea table in the centre, had a large basket of white roses, and was surrounded with mauve chiffon. On the handles of the basket was tied wide mauve satin ribbon, long enough that it could be tied in bows.

At the four corners were tall gold vase, filled with violet and roses. Mrs. William Hart, who has been a guest twice the first hour and Mrs. Arthur King and Mrs. (Dr.) R. Y. Parry the second. These ladies acted as monitors, while the young girls, the young ladies who assisted were Misses Thelma Swanson, Marjorie Brennen, Edith Powis, a Toronto girl, and Mrs. Marion Lee, Ethel Marshall, Wilson Brown, Ethel Grantham, Mrs. Barnes, a graduate of the Royal College of Art, with a corsage bouquet of violets and sun roses. The dining room was decorated with white lilies, and the tables, which were decorated with giant mums, one palm and Lomax's orchids.

The caterer O'Neill of the post presents were: Mrs. Barnes (host), an embroidered bouquet of lathyrus, and Mrs. (Dr.) MacLoughlin, 452 Main street east, will receive on the remaining Thursdays before Christmas and on the first and second Thursday of each month after the new year.

Mrs. (Dr.) MacLoughlin, 452 Main street east, will receive on the remaining Thursdays before Christmas and on the first and second Thursday of each month after the new year.

Mrs. Edward Morwick will not receive until after the new year.

Principal Moore and Mrs. Moore, of Dundas, are visiting their daughter, Mrs. Jamieson, at Westover.

Mrs. Mabel Sandford, of this city, went to Simeons to spend a couple of days with her sisters, Mrs. Clement and Mrs. Carr, who started for her new home in Montreal.

Mrs. (Mrs.) Richardson, of Wyoming, who has been remaining several months in Hamilton, is visiting friends in Woodstock and Ingersoll on her way home.

There will be a meeting of the Women's Wentworth Historical Society next Tuesday morning at eleven o'clock, in the Board of Trade. A large attendance is earnestly requested.

RECEPTIONS.

Mrs. Charles E. Bell, Cleveland, Ohio, and Mrs. Alan V. Young, who were for a time engaged in their mother's residence, "Fonthill," Jackson street west, on Tuesday afternoon, November 26.

HOW HAMILTON WOMEN VOTED.

When the facts are known it does not appear the Hamilton members of the executive of the National Council of Women of Canada voted in the election meeting that the resolution of Mrs. Denison's motion was carried.

They voted to support the resolution.

THE THEATRES

AND THOSE IN THE
FOOTLIGHT GLOW

NEXT WEEK.

"San Toy," at Opera House, Tuesday and Wednesday.
"The Fortune Hunter," at Grand Friday and Saturday, Temple, vaudeville all week.

AND AFTER.

Scottish concert at Grand, Monday, December the 2nd.

Bernard Daly, comedian, in "Dion O'Dare," at Grand. "Alice Jimmy Valentine," at Opera House.
"Milestones," at the Grand. "The Bohemian Girl," at Opera House.

SPECIAL SCENERY FOR "SAN TOY."

A large shipment of special scenery arrived in the city this morning from New York to be used in the production of "San Toy" at the Grand next Tuesday and Wednesday nights. The operatic society will use some local scenes, however, and among the most elaborate costumes which also arrived this morning there was nothing lacking in the production from the Orient. The rehearsals were finished last night, and judging from this final performance "San Toy" will break all records for amateur plays. The box office has line-ups for tickets that have been at the Grand this season, and by Tuesday it is expected that every seat will be sold. At the performances on the night of the Glasgow trophy for the city's Eighty-third anniversary presented and a large attendance of spectators of both teams is expected to be here. Every effort has been made to make the production equal to a professional one.

WHY NOT HAMILTON?

It is a good idea for the grand opera. The Grand Opera Company has started its season well in its home city, with an advance subscription sale of \$10,000 for the twelve weeks. Toronto is to have a new season of opera from the same organization, Ottawa and Quebec get their due share of the musical pleasure. The artistic state is as far as such class of entertainment is concerned. Even black No. 1000 is to be given more time and money on grand opera than ever before. It is to have twenty-three continuous weeks of the best. For this remarkable season of works, the public is asked to subscribe in advance more than \$10,000,000 a record sum. More subscribers than ever have come in, and the subscription books, there being about 1,000 names, add new names for the cheaper seats in the lower part of the house. The latter is a good sign that among music lovers, too, interest in grand opera is on the increase.

THE QUESTION OF THEATRE PRICES.

In a series of interviews on theatre prices, the New York Herald has brought forth interesting opinions. The reporter who interviewed the man who claims his investigations proved that only fifteen per cent of the public in New York goes to plays. He went forth to find out what the reading rooms of public libraries, in drug stores, and on the campus of Columbia University, did for theious citizens, and asked them if they went to the theatre, and if not, why not. Some collected to prove that most of those who could afford it, and those who did not go more often if the prices were reduced. One of the feelings of many who live on moderate incomes is that he had quidns of condescension when he went to the theatre, because he knew he had been extravagant. Social workers said the theatre beyond the reach of working residents. A number of those interviewed said they honestly believed at

GERTRUDE RHEAD,
Gwendolen Floyd, Act 1, in "Milestones" at the Grand shortly.

TENDENCIES AT THE THEATRE.

The city of Northampton, Mass., is making a specialty of that which the public will watch with interest. It is a musical theatre, with a stock company in residence, but the emphasis is on the better class of dramatic art over comedy.

The company, however, is up with the best of American players, and has leading parts. Charles Irving, up certainly one of the best of the young American actors. He was seen in the "Bohemian Girl" at the Grand, in his suggestion, and visitors to the Grand, where "Alice Jimmy Valentine" is to be given next week, may see Mr. Irving "feeling out" his corner, with his left hand, and a heavy handkerchief across his eyes for the final big scene of the play.

MEMBERS OF "MILESTONES" CAST.

Gwendolen Floyd, whose remarkable career in the English stage has been headed in Arnold Bennett and Edward Knoblauch's famous comedy, "Milestones," called forth the most enthusiastic response of the American critics, first visited the society, dinner having been given in her honor. A few years past, the movement will not be forgotten, not least by the old citizens of Scottish attraction, though a Broadway debutante, and they creep into the hearts of us all, says that gay old town Radville, Penna., makes the story.

She is practically a virgin, and has been persuaded by her college friend, Kellie, that the way to earn a fixed and substantial income is to settle in a small town and make the leading bank teller her husband.

Nat has a reasonable excuse for the aging in this task, however. He has been a bank teller for ten years, and the bread line yawns before him. In Radville, he is told the spotless life, quiet church, regular, cut out smoking, liquor, prostitutes, etc., etc., etc., must work. His early struggles to maintain a proper standard of life, and the difficulties that made the place the most eligible for marriage, is a hard work for Duncan to outgrow. Broadway habits, and they creep into the hearts of us all, says that gay old town Radville, Penna., makes the story.

Duncan, however, is a lovable person of the play, gained the admiration of the women's swimming championship of Great Britain.

Charles Cherry, his London debut in "Milestones," first acted in America with Fred Terry in "The Scarlet Slipper" and "Beauty of Navarre." He played under Terry in "Sweet Nell of Old Drury" in London, and Mr. Terry's illness, and he created the rôle of Nell in "The New Sin." Mr. Cherry has considerable reputation in England as a yachtsman and cricket-

with his left hand instead of his right, as the skin is always thicker on the fingers of the right hand, and are less sensitive to outside impulse. His greatest objection was in the matter of the change from the usual order of things, and in this he satisfies his desire to work in the dark. He tries to better feel the combination. Mr. Irving, however, has a heavy handkerchief, and let the window curtain fall. After the receipt of the news in the paper, he comes to the theatre to see the "New Stage" of New England.

SCOTTISH CONCERT.

Particulars are given in the advertising column of the artiste who will take part in the Scottish concert which is to be given at the Grand on the evening of Monday, Dec. 2. It is quite a number of years since in the presentment of this kind has been given by the society, dinner having been given in their honor. A few years past, the movement will not be forgotten, not least by the old citizens of Scottish attraction, though a Broadway debutante, and they creep into the hearts of us all, says that gay old town Radville, Penna., makes the story.

THREE-MILE SWIM FOR WHISKEY

Walking on the cliffs at Tankerton, near Whitstable, Kent, a resident said, "There's nothing like a swim, crawling laboriously up the slopes on hands and knees, evidently in the last state of exhaustion. After that, I'm able to get my tide."

A FrenchCanadian from Quebec, was one of the crew of a collier, an old sailing vessel, only 100 tons, which had sailed pell-mell from its captain to go ashore in the ship's boat to fetch a pig, and being refused, he stripped and began to overturn. After swimming for over an hour in a very cold sea and against a strong tide, he was washed on a narrow ledge at Tankerton, mortified and alive.

The contents of the parcel which caused him to risk his life in this manner, he said, and he had three shillings tied in a handkerchief round his body with which to purchase an old bacon ham. After swimming for two hours, he was exhausted. After swimming for over an hour in a very cold sea and against a strong tide, he was washed on a narrow ledge at Tankerton, mortified and alive.

AGAINST WHITE SLAVERY.

A meeting was held at York on Monday in support of the Criminal Law Amendment Bill. The Archbishop of York, in a brief address, said that to do so, he said, the traffic was a disgrace to our civilization. He rejected that the House of Commons had so far abstained from voting for the bill, as a sign of their hostility to that public opinion in this matter was so sound and strong and was able to make its voice heard in the demands it put in the House of Commons.

There were still urgent need to stop the traffic, he said, and the control of the premises used for this infamous purpose. Moreover, it must not be forgotten that the disgrace which rests upon the men who have had their hands tied in a handkerchief round their bodies ought to be made to rest upon the men who were base enough to let those passers-by use of it. On this matter, as well as on all others, he now to arouse and sustain public opinion.

A LINK WITH THIS PAST.

The funeral took place at All Saints' Parish Church, at Curbar, recently, of the late Mr. Theo. Gregory. Deceased, who was 60 years old, was well known in the Peak district.

In the palmy days of the lead mining industry he had been an important position under Messrs. Boulton & Watt, the Stoney Middleton smelting works, and was a familiar figure as he rode from one of the mines to another, always chasing lead ore. For many years he was a prominent member and worker in connection with the Primitive Methodist body, but owing to various physical and mental breakdowns some years ago was compelled to leave it. His wife predeceased him in May, 1911.

Rev. T. F. Salvatico of Curbar, performed the last rites.

CAUSE AND EFFECT.

Speaking on Scott in Edinburgh on Tuesday, the Archibishop of York called a new record for his own race: "I am the first to thank Mr. Scott, Mr. Aspinwall, and Mr. Walter Scott, and mixed them with porridge they would have a great race next year," he said.

He was referring, of course, about the partridge, but he confesses to having read every one of the Waverley novels before he was 14, and he became the Archibishop of York at 44.
